

High Point Subdivision Stormwater Management Facility

LOCATION

High Point Subdivision stormwater management facility is an existing facility located in the Liberty Reservoir Watershed. The pond is currently functioning for stormwater management for a subdivision that is located between Oklahoma Road and Mineral Hill Road.

DESCRIPTION

Due to the current condition of the pond and its outfall structure, the County is looking at retrofitting the facility to bring it up to current standards thereby ensuring that the facility is capturing all of the drainage area intended to drain into the facility.

PROJECT ENGINEER

- CLSI

CONTRACTOR

- Stambaugh's, Inc.

PROJECT BUDGET

- Engineering - \$26,991.30
- Construction- \$147,642.00

PROJECT TIMELINE
