

Single-stream Recycling

Residents will no longer be required to separate paper from containers. Effective July 1, 2007 all acceptable recyclables can be placed into one container. Acceptable items include: **plastic narrow neck bottles only #1 through #7**, glass food and beverage containers, aluminum and bi-metal food and beverage containers and mixed paper (junk mail, paper envelopes, newspapers, computer papers, school papers, colored paper, magazines, catalogs, telephone books, paperback and hardback books, cereal/snack boxes-remove inserts, shoe boxes and corrugated cardboard).

For set-out requirements, contact your waste hauling service. For information on Carroll County's Recycling Program, call 410-386-2633.
