Airport environmental assessment public hearing slated for July 6

June 25, 2009 – Residents and airport users can comment on a federal report that discusses the environmental impact a runway replacement would have on the area around the Carroll County Regional Airport. The Board of County Commissioners will hold a public hearing on the Federal Aviation Administration’s environmental assessment at 7 p.m. on Monday, July 6, in Room 003 of the County Office Building.

Delta Airport Consultants Inc. conducted a study of 18 environmental categories that had the potential of being affected by an expansion. Based on Delta’s report, the FAA issued a Finding of No Significant Impact, or FONSI, this spring. To read the environmental assessment, visit <http://ccgovernment.carr.org/ccg/airport/EA>. The report is also available for review at the County Office Building and at the Westminster, Eldersburg and North Carroll branches of the Carroll County Public Library.
